Who Do You Know.....who may be desirous of the flexibility, freedom and independence offered by self-employment and business ownership? Folks transitioning out of the military or corporate employment, as well as those seeking to become refugees of corporate America are often excellent prospects for franchise ownership.

If you encounter someone...

- Disenchanted with working for the “Man” (or, even “Woman”),
- In career transition, but not interested in jumping back into corporate America,
- Interested in a piece of the American dream,
- Motivated for whatever reason to be his or her own boss,
- Seeking to add a business to an already successful portfolio of business(s).

Or, a business owner who would like to explore franchising his / her business.

This is what I do...

My role is to challenge your thinking which may enable you to chart a new path to greater freedom, independence and personal fulfillment.

If you are ready to leave your comfort zone and explore business ownership options, let's talk.

I provide professional consulting and coaching to those who wish to invest in a franchise / business opportunity, and would like a fresh perspective. My services are at no cost to you and will provide you information to help you better understand your franchising / business opportunity options.

My free, no-obligation services can assist you:

- To determine if self-employment / business ownership is the right career / personal option for you,
- Find quality opportunities that are not widely advertised....the right franchise / business opportunity for you, may be one that you have never heard of and wouldn't even guess,
- Gain access to an extensive inventory of franchise, business opportunities [biz ops], and low-cost-of entry home-based businesses,

- Avoid costly and / or time consuming mistakes,
- Identify options that best fit your goals, lifestyle and business objectives,
- Understand how you can use you 401K or IRA funds tax deferred and penalty / interest free to fund a business start-up.

If you are ready, let's discuss a methodical approach (not a one-time event) and an informative journey through the exploration / discovery process.

Are you tired of your job? Is your boss driving you to your wits' ends? You have the urge to tell your boss what she / he can do with the latest company policy. Are you scared that you might be next to get the official pink slip? The reality of corporate life is becoming more painful ... you are expected to do more with less... job security is an illusion... your work-life and income is being dictated by someone else... your employer isn't investing in your future. Today, creating your own job has become the new path to job security.

Would this scenario be of interest and value to you...a process where you receive assistance to help you better identify your goals, financial requirements, lifestyle needs and what you would like for your work-life to look like; then provided information on franchise and self-employment options and guidance on exploring these opportunities within the confines of a safe and no-obligation environment? Remember, a window of opportunity won't open itself...

Do you have an entrepreneurial spirit? If so, contact me. There is no obligation and there is never a cost for my service. You have nothing to lose, except perhaps "that opportunity" that is just for you.

may be one that you have never heard of and wouldn't even guess.

There are thousands of franchise / business opportunities available today and cover just about everything from advertising to food services, home repair to laundry / dry cleaning, maid services to printing / copy services, real estate to weight control...from small to large and startups to nationally recognized. These concepts have various investment ranges and include many different industry categories. And, since the company knows the business, they aren't looking for owners with industry experience. They want prospective owners who possess a strong work ethic, customer service orientation, business and management skills, not technical expertise.
